ABOUT THAT \$4,000,000 AND YOUR PART

Mr. Citizen:—

Are you really informed about this greatest money raising campaign in the world's history.

Do you know how urgently the money is needed to safeguard the young women and the young men who are flocking into this great metropolis?

Do you realize that it will barely do for this city as much in proportion as has already been done in cities like Chicago, Philadelphia, Rochester and Toronto?

Have you noted the sacrifices that are being made by 1,000 of your fellow citizens who are working harder for the public good than they ever worked in their private business, and by their joint efforts have up to this time secured 5,534 subscriptions, aggregating \$2,849,380? No one is being paid for raising this money. The work is being done by publicspirited men and women. You can join this band of workers and help them, at the same time gladdening their hearts by making a subscription at once.

DO YOU KNOW

that it is all to be spent right here in this great city?

WHERE THE MONEY WILL GO:

A building for the Bowery Branch Y. M. C. A., where young men in desperate circumstances are put on their feet and made useful members of society.

A building for the thronging thousands of young men in the Bronx. A building for colored men and another for colored women where those who work by day will get moral and educational uplift at night to fit them for useful citizenship. Boarding homes for the young women who come to our city as strangers to serve

in a thousand ways the commercial enterprises of New York. A building for the nurses who serve the sick of this great city.

A great central building for the Young Women's Christian Association, with its educational and physical privileges, its care of the body and mind as well as the spiritual

welfare of the multitudes of young women who will come under its influence.

A similar center in Harlem. Another on the West Side. A building for the National Board of the Y. W. C. A. and its training school for

secretaries. Special contributions have been received for this building. A building for the Williamsbridge Young Men's Christian Association. Another for the Inter-collegiate branch, which cares for multitudes of young stu-

payable to the treasurer of the Joint Campaign of said Association, as follows: Onefourth February 15th, 1914; one-fourth August 15th, 1914; one-fourth February 15th, 1915, and one-fourth August 15th, 1915.

dents, strangers in New York. Surely you are interested in this great effort for the uplift of our city. Surely you will help in some degree, large or small. You can do this by filling out the following blank, cutting it out of this paper, and mailing it direct to Campaign Headquarters, 25 Broad Street, or to any member of any campaign committee whom you may know. The main thing is to
